

Mission

Ocean's Harbor House is a safe haven for children and youth, ages 10-21, who have runaway, are homeless, or have been abused, neglected, or abandoned. The agency advocates for the safety and welfare of all youth and when ever appropriate promotes family reunification.

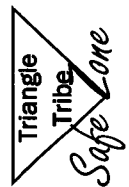

History

Founded in 1985, Ocean's Harbor House began as a vision - to create a place that runaway, homeless and abused youth could go where they would be safe, free from abuse and victimization. A place that would also work with caring parents and family members to mediate crisis and rediscover the bonds of affection that are the cornerstone of any loving, capable family. Finally, on August 8, 1988 the Harbor House Youth shelter opened its doors.

Over the years, the agency has transformed from this small emergency shelter into a diverse, multi-service organization. Today, we stand as a beacon of hope where thousands of children, youth and families receive housing, counseling, outreach, prevention, crisis intervention, and transitional services each year.
